

BEIRUT IS NOW QUIET

Cotton Cables New Governor Has Inspired Confidence

AWFUL ATROCITIES OF THE ALBANIANS AND THE TURKS

Causing Terror Among the Helpless Christians-- Leading Greek Officials are Smarting Under Foreign Criticism of Grecian Attitude.

Constantinople, Sept. 14.—(Bulletin.)—Word reached here today of three severe engagements between Turkish troops and insurgents in the mountains near Beirut. There were heavy casualties on both sides.

Washington, Sept. 14.—(Bulletin.)—Rear Admiral Cotton has cabled the navy department from Beirut under date of September 12 as follows:

"Have exchanged very satisfactory visits with the new Turkish governor general. The governor general has personal charge of Vice Consul Magel's case. Labe, chief of police, has been deposed. Twenty-eight persons, including the principals in the disturbances of a week ago, have been arrested. Beirut quiet. Administration of new governor general inspires confidence. Former Turkish governor general left 12th inst. for Constantinople."

Athens, Sept. 14.—The leading Greek officials are smarting under the foreign criticism of Grecian attitude toward Macedonia. They say they are misunderstood; that they are not favoring the Macedonians, but merely endeavoring to protect their own subjects there. Your correspondent learns that Greek ambition in the matter, which will be revealed to the powers when the crisis becomes more acute, is that the other countries refuse to let Russia have Constantinople, and as they would not let Bulgaria have it for fear of Russian influence, the best way out of the difficulty is to expel the Turk from all his European dominions and from them recreate the old Byzantine empire and install King George, at Constantinople as Balkan emperor, under international guarantees. Thus the powers would effectively balk the Russian designs. The Greeks would be willing to placate Bulgaria by giving her a few northern Macedonian counties.

FAMILIES

Of Victims Looked on While 22 Men Were Beheaded.

Sofia, Bulgaria, Sept. 14.—The Albanian and Turkish troops collected in the vilayet of Adrianople appear to be pursuing their usual tactics of burning and plundering the villages and killing the peasants, instead of making an attempt to break up the insurgent bands. Very little news is filtering through from Monastir, but all reports agree that the position of the Christians is desperate. The Turks are making a clean sweep of the whole Bulgarian element. The Albanian soldiers in the vilayet of Adrianople are stated to be entirely beyond control. At Kostonovo, the influential Beys complained to the officers of the excesses committed by the troops. The officers resented the criticism and told the soldiers that the Beys were friends of the revolutionaries, whereupon the soldiers burned the Beys' farms. The Turks have burned the villages of Almagik and Orlikir, in the district of Losengrad. They beheaded 22 Bulgarians at Almagik in the presence of their families. Twelve thousand troops are assembled around Malkotovo and are engaged in pillaging and burning the villages. The population everywhere is fleeing to the forests and mountains. All the Turkish population in the district of Losengrad have received arms—even the boys have revolvers. The Albanian soldiers proceeding from Odria to Lys, plundered the villages en route, robbed the churches and burned the village of Korakej. Another body of Albanians going to Vasiliko, on the Black sea, was attacked by a band and is reported to have suffered a loss of 100 men. A band led by the insurgent chief at Amazoff was surrounded by Turkish troops at Kokushko. After six hours' fighting the insurgents cut their way through the soldiers by throwing bombs. The Turks lost 20.

The final arrangements for a revolutionary outbreak in Eastern Macedonia have been completed, but for some inexplicable reason the rising hangs fire. The whole district is divided into six sections, the insurgents being under the following leaders: General Kancheff, Colonel Kankoff, Captain Jordan Stoyanoff, Lieutenants Stoyantcheff, Darvingoff and Atamasoff.

ON SERBIA

Depends the Question of War Between Turkey and Bulgaria.

London, Sept. 14.—The Daily Mail's correspondent at Sofia, in a dispatch dated September 9, sends an interview he had with Tartarschiff, the chief of the revolutionary committee, in which the latter represented that there was a strong probability of Serbia throwing in her lot with Bulgaria against Turkey, and that the question of war or no war depended mainly on Serbia.

Tartarschiff declined to commit himself to details, but admitted that negotiations were proceeding between his committee and Serbia, and also that the Serbian premier lately sent scouts to join the revolutionists in Bulgaria in order to report the latter's progress.

Captain Saraff, the brother of the revolutionary chief, who was also present at the interview, went further than Tartarschiff and alleged that it was weeks ago agreed that at the slightest provocation the Serbian forces should invade old Serbia and occupy Uskub. It was hinted that Montenegro would also be heard from in Albania and that Turkey would thus be compelled to divide her forces here, much reducing her chances of victory.

ZANESVILLE

Bride Only Eighteen Years Old Commits Suicide—Husband Was Out With Few Friends.

Zanesville, O., Sept. 14.—Because her husband remained out with friends until nearly midnight, Mrs. Zella, wife of Harry Watkins, reproached him. He promised never to repeat the act and went to bed. Shortly after she said "good-by," and he found she had swallowed carbolic acid. Physicians were called, but failed to save her life. She was aged 18 and only married in April last.

THE LATE PRESIDENT.

Canton, O., Sept. 14.—Mrs. McKinley this forenoon drove to West Lawn cemetery and placed on the casket of the late President a tribute of flowers as she stood in tears beside it. Today she remained at home and saw no visitors. There were no public exercises in Canton today, but flags were lowered on boys have revolvers. The Albanian soldiers proceeding from Odria to Lys, plundered the villages en route, robbed the churches and burned the village of Korakej. Another body of Albanians going to Vasiliko, on the Black sea, was attacked by a band and is reported to have suffered a loss of 100 men. A band led by the insurgent chief at Amazoff was surrounded by Turkish troops at Kokushko. After six hours' fighting the insurgents cut their way through the soldiers by throwing bombs. The Turks lost 20.

M. Rostkovski, the Russian consul at Monastir, who was recently killed by a Turkish guard, and on account of whose death the trouble in the Balkans has reached a climax.

RELIGION THE WHOLE TROUBLE IN SOUTHEASTERN EUROPE

A glance at this interesting map tells more in itself than a column of words. It shows the heavy predominance in southeastern Europe of the orthodox Greek church people as compared with the Mohammedans, the ruling power there. There can be no common ground between the Christian and the Moslem and that's all there is to the trouble in the Balkans.

Look at the map again and you will see the Greek church countries and provinces piled tier upon tier above Mohammedan Turkey. Even Turkey itself has its orthodox Greek and Albanian alone, in Europe, is its only dependency that is exclusively a follower of the Koran. If there is to be a struggle at arms in the Balkans it will be primarily a religious war with the political states of the victors and vanquished an after consideration for the powers to straighten out.

AIRSHIP FOR GORMAN

INVENTOR IS DISGUSTED WITH HIS FAILURES

But Prof. E. P. Langley's Assistant Will Make Another Trial—Langley Leaves for Europe.

Washington, Sept. 14.—Disgusted with the repeated failures of his air ship, Prof. E. P. Langley has forsaken Widdewater, the scene of the experiments and has engaged passage for a trip abroad.

The Buzzard's engine ran away with itself again on Saturday, broke the propellers and otherwise damaged the machinery before a launching could be effected. Mr. Manley, the professor's assistant, will make another trial. Manley is in earnest about the airship. He has shown that he is willing to risk his life by making the flight in the bird, if it can be got ready for a launching, and in every way has shown how distasteful to him an abandonment would be. He has already had several narrow escapes.

WHEELING MAN

Arrested on Complaint of 17 Year Old Girl, Given a Hearing by Mayor A. J. Crilly.

Fred Rickus, whose home is in Wheeling, but who has been employed about Newark recently, was arrested Saturday night on an affidavit filed before Mayor A. J. Crilly, by Dorothy Miller a 17 year old girl, the charge being seduction.

A paternity charge was filed by Miss Miller last week, the warrant being made out for Edgar Riley or Fred Riley, the latter being the name he gave the complainant. The officers found no such man, and it was only by means of a photograph furnished to Chief Sheridan and that he and Officer Ziegler by clever work succeeded in landing the prisoner.

Rickus was arraigned before Mayor Crilly Monday afternoon, and was put under a \$500 bond on the charge contained in the last affidavit, for a preliminary hearing, next Friday afternoon at 1 o'clock. If he secures bond in this case, he will be re-arrested on the paternity charge. B. G. Smythe represents the prosecution and Frank A. Polton, its attorney for Rickus.

ONE WAS ENOUGH.

Washington, Sept. 14.—Uncle Sam no longer counts among his subjects the Sultan of Sulu. With his six wives, his retinue of slaves and resplendent datties who make up his cabinet he has removed to Singapore. Although a young man in years, he is a total physical wreck due to dissipation and has but a short time to enjoy Uncle Sam's pension and income derived from his pear fisheries. Uncle Sam will have no more Sultans of Sulu.

BLIZZARD IN THE WEST

While the People of Central Ohio are Scorching.

CATTLE AND SHEEP FREEZING ON PLAINS OF THE NORTHWEST

Railroad Traffic in Four States Blocked By Ten Inch Snow Fall--Wires Down in Snow Belt--Wheat Crop in Manitoba Has Been Destroyed.

Chicago, Sept. 14.—Thousands of cattle and sheep are freezing on the plains of the Northwest as the result of an unprecedented heavy snow storm for this season of the year. Railroad traffic is blocked by a snowfall of ten inches in the Dakotas, Colorado, Wyoming and Montana and the entire British Northwest is prostrate in the grip of a frigid wave. At Cheyenne, Wyo., the lowest temperature prevails, 26 degrees being the minimum. At Bismarck, N. D., Rapid City, S. D., throughout portions of Colorado, Nebraska and upper Montana the thermometer ranges from 28 to 32 degrees. The storm broke unexpectedly on the cattle ranges and thousands of head of sheep and cattle were caught. It is still snowing in Wyoming and Colorado but clearing up at other points. Telegraph wires are down in the snow and the exact extent of the damage already done cannot be ascertained for several days.

Creeping steadily eastward, the freezing weather that now centers in the Dakotas is reaching out to threaten the corn and wheat crops of the Central West. The frost is expected to reach Illinois to-morrow or Wednesday. It will envelop Iowa to-night and may reach as far down as Kansas, unless checked by a change in condition. The humidity of the past few days will give way to bracing cold. A difference of 20 degrees in temperature is noticed between eastern and western Iowa.

At Des Moines the temperature was 70 degrees, while at Omaha it had fallen to 50 and was still going down. A greater difference was observed in Kansas.

Winnipeg, Man., Sept. 14.—For the past 18 hours the greater portion of Manitoba has been in the grasp of the worst storm experienced in years. High winds accompanied by a terrific downpour of rain, which later turned to snow, swept the entire country, doing immense damage to farm buildings, crops and stock.

The telegraphic communication is almost completely cut off and advices from the few points still connected with the outside world, report a howling blizzard now raging, the snow covering the ground in many places to a depth of three feet.

In the territories the crop of wheat, of which only 40 per cent was cut, was belted and the exact extent of the damage cut down as if by a rapier and as that section had raised the greater portion of this year's western Canada wheat yield the loss will total into the millions.

The cold wave which followed the corn and wheat crops of the Central West. The frost is expected to reach Illinois to-morrow or Wednesday. It will envelop Iowa to-night and may reach as far down as Kansas, unless checked by a change in condition. The humidity of the past few days will give way to bracing cold. A difference of 20 degrees in temperature is noticed between eastern and western Iowa.

At Des Moines the temperature was 70 degrees, while at Omaha it had fallen to 50 and was still going down. A greater difference was observed in Kansas.

EDHAM PASHA TO LEAD THE TURKS IN BATTLE.

That war will be declared in the troubled land soon, is firmly believed.

Edham Pasha, a man with a beard and a turban.

HURRICANE

Sweeps Coast of Florida--Many Vessels Driven Ashore--The Orange Crop Badly Damaged.

Jacksonville, Fla., Sept. 14.—According to news received here the southern portion of the state, extending from Miami on the east coast to Tampa on the west side received the full brunt of the severe storm that swept over that section.

At Tampa the wind was 55 or 60 miles an hour and much damage is reported and some lives may have been lost. On the east coast where the full effect of the storm was felt it was a disaster.

It is said that many vessels were driven ashore and may be totally wrecked.

Severe losses have been reported at Jacksonville. The city was all but a ruin and the property loss is estimated at about one million dollars.

MASS SUNG IN OPEN FIELDS TO PRODUCE GOOD CROPS.

Italy, the land of sunshine, artists and guineas, is devoted to the church. In the above picture the peasants are shown kneeling around an improvised altar on a truck hauled to the open fields, while the priest and acolyte sing mass. The picture was taken at the elevation of the hosts, the peasants praying meanwhile for divine blessing on their efforts to produce a good crop.

A Bit of Detective Work

[Original.]
"Here, Crane," said the chief, tossing me a note, "is a job for you."

Jarvis, the bank robber that you're looking for, is going to give you the slip by leaving the country. He takes the 10:30 train tomorrow for Philadelphia from the Jersey City Pennsylvania depot and will sail the same evening on a tramp steamer. His mother goes with him.

The note was written in a woman's hand, and it seemed probable that some companion with whom he had become antagonized had given him away. I took an assistant along and an hour before train time went to the depot on the Jersey side and sat down in the spacious corridor railed off from the trains to wait and watch. Ten minutes before train time a woman about sixty years of age passed through to the train, and as there was something in the way she looked about her that attracted my attention I concluded to follow her, leaving Burton, my assistant, to watch outside till the train was about to start.

The woman went into an ordinary passenger coach and sat down, depositing her bundles beside her. She seemed to be anxiously looking for some one, and when the train pulled out of the station, that person not having appeared, she made a frantic rush to get off. But the train was by this time moving pretty rapidly and a brakeman, catching sight of her, stopped her. Then she went back to her seat and began to cry.

"What's the matter?" I asked.
"My old man's gone and got himself left. He was to meet me here to go to Philadelphia. I'm afeard some'n's happened to him."

"Maybe he's on the train some'n's," I replied. "What kind of a looking man is he? I'll hunt him up for you."
"He's purty old, my man is. No hair 'cept patches of white hairs behind the ears, white beard under his chin and wears green glasses."

"All right. I'll find him for you if he's aboard."

Glad of an excuse to inspect the passengers, I got up from my seat and went into the next car forward, where I had posted Burton. Directing him to search the cars ahead I searched those in rear. We both scrutinized everybody, but when we met we had seen no one answering the description or exciting the least suspicion. I went back to the old woman and told her I feared her husband had really got left.

"What's the first stop?" she asked.
"Trenton, and that's the only stop of this train. Will you get out there?"
"I dunno. I dunno what to do."

The great danger now was that our man if on the train might elude us at Trenton. I posted Burton in the forward part of the train while I took a

position in the rear, arranging with him that as soon as the train stopped we were to jump off, move back on the platform to a point where those getting on and off would not intercept our view of each other and scrutinize every one. When the train rolled into the station we did as we had agreed, but neither of us saw any one get off exciting the least suspicion. We kept up the watch till the conductor signaled the engineer to pull out, and at the moment we were about to step aboard a well-dressed gentleman whom we had noticed on the train immersed in his newspaper jumped from the car platform and with the agility of a cat ran to the exit. Quick as thought I signaled Burton to get on the train while I turned and ran after the fugitive. He led me quite a long chase and it would have been longer had I not signaled a cop on the street just as the runner passed him. This ended the pursuit and in a few minutes I had a pair of bracelets on the gentlemanly man who had so long fooled us on the train.

As soon as I got him to the police station I took out a photograph of Jarvis and compared it with my captive. There was nothing very rugged about either man or photograph, though I did not doubt from the resemblance that the one was a likeness of the other. The original was of a more delicate cast of countenance than the picture, but this I attributed to the refining makeup, which was for a gentleman.

"Well," he said despondently, "you've got me. I done my best to beat you. I couldn't stay any longer in New York. You had me cornered."

I telegraphed Burton at Philadelphia that I had my man. He was not to risk anything by arresting the old woman unless he had proof of her complicity with Jarvis. This was the same as ordering him not to trouble her, for there was no evidence whatever against her.

I was several days waiting for extradition papers from New Jersey to New York. Just before I was ready to leave the matron of the jail came to me with a curious look in her eye.

"You won't be allowed to take the prisoner out of the state on the papers you have," she said.

"Why not?"

"Because they call for a man."

"And whom do I propose to take if not a man?"

"Well, if you take the person you brought here it'll be a woman."

"What?"

"Jarvis sent for me this morning and proved to me conclusively that the papers committing him or her were illegal, since they state the sex incorrectly. She demands her release."

Well, that ends the story. The old woman was Jarvis himself, and my catch was his sister, who resembled him. She had got off at Trenton on purpose to enable her brother to elude us. Jarvis sailed and was never again seen in America. Who gave us the information we never discovered.

EDITORIAL FLINGS.

Some of the managers are afraid Patti may not come to make another farewell tour. They don't know Patti—Chicago Record-Herald.

Another Barconian cipher is announced. William Shakespeare bids fair to go down to fame as the original puzzle editor.—Chicago Tribune.

Every American lady is a queen in her own right. Have you noticed the ladies' combs? They begin to look like crowns.—St. Louis Republic.

England and the United States are getting so thick that by next Fourth of July Klug Edward may be setting off cannon crackers.—Mexican Herald.

All that prevents Nikola Tesla from being one of the world's greatest inventors is his prodigious penchant for not making good.—Kansas City Journal.

It might not be remarkable if the inventor who is going to turn silver to gold ran his machinery with the Keeley motor.—Philadelphia North American.

CYNICISMS.

If you propose to do as you please why ask advice?

A train can't wait so long that somebody won't get left.

It doesn't take much to convince a man that a woman is in love with him.

Half the people you see running are not trying to catch up, but imagine themselves pursued.

When you put on style, there is always some one in the world to refer to it as "your attempts."

Thank a man once, and it is enough, but thank a woman seventeen times and smile gratefully for six years afterward.

There are some people whose use in the world it would be as hard to define as the use of the pieces of parsley draped around meat on the table.—Atchison Globe.

Just Vanity.

Papa—Dear me, Mary, whatever are you going to do with those trunks? Two, four, six, twelve of them! You can't fill more than one.

Mamma—I know it, my dear; but we must make a decent appearance on arriving at the hotel.

Cruel.

His Wife—Charles, I do think you ought to give me more of your time. Her Husband—Give you more! Why, you take so much of my time that I couldn't be a second in a duel.—Harper's Bazar.

It Has Been Done.

"Still, of course," said the tobaccoist to the wooden Indian, "it is possible sometimes to make a good round sum out of a perfectly square deal."—Syracuse Head.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

GRAND AUCTION SALE

BUILDING LOTS

AT Avalon Allotment NEWARK, O.

Tuesday, Sept. 15th
At 2 O'clock p. m.

Location of Avalon Allotment.

This beautiful tract of building ground is located west of Newark on the Granville Electric Road, where the electric road leaves the highway and passes through the Showman farm, being that portion of the farm which is south of the electric road. The station being known as Showman's.

It is fifteen minutes ride from the square.

We are now grading streets through the property, dividing it into about 60 LARGE LEVEL lots, every one of which is HIGH and DRY, making them IDEAL home-sites. TWELVE of them front on the electric road and NONE are more than 600 feet from it.

Lowest Car Fare on Record.

We have made an agreement with the Street Railway Company in which they agree to give a rate of 40 trips for \$1.50, a 3¢ CENT FARE to those who build their homes at Avalon and live there. This rate is GOOD FOR ALL MEMBERS of the family.

For the purpose of getting Avalon Allotment advertised and interesting builders and investors at once, we shall sell a part of the lots at auction next TUESDAY AFTERNOON at 2 o'clock.

This will be a GENUINE AUCTION, with NO by-bidders and NO restrictions as to the starting bid nor as to the number of bids required for a sale, but every lot put up WILL BE SOLD TO THE HIGHEST BIDDER, regardless of what the bid may be, making this the GRANDEST OPPORTUNITY ever offered the home-seekers and investors of Newark.

Terms Very Liberal.

\$10.00 cash at time of sale; \$5.00 on signing a contract within three days, and the balance \$5.00 a month, with 6 per cent interest, or we give a discount of 5 per cent on the balance for cash within three days.

Free Life Insurance.

In the contract of every purchaser who carries a lot on payments we place a clause agreeing that in case of the purchaser's death before the lot is fully paid for, we will deed the lot to the purchaser's heirs without further payment or expense.

Free Presents

To those who attend this sale we will give the beautiful line of Silverware, valued at \$600.00, now on exhibition in the window of The City Drug Store, West Side of the Square, corner of Main and Third Streets.

You do not have to buy a lot to get a present, but YOU MUST BE AT THE SALE.

No presents given to children.

FREE CARS for adults only leave the South Side of the Square promptly at 1.30 o'clock, returning after the sale.

FREE BAND CONCERT at the sale and on the square before the cars start.

Newark is the most SOLID, SUBSTANTIAL AND RAPIDLY GROWING CITY in the state.

All real estate is advancing, and rents are advancing, so that if you remain a renter you must pay a higher rent, while if you own your home you not only save the rent money, but you also secure the advance in value on your home.

Newark is now enjoying the most RAPID growth in her history and although she is building more houses than ever before, there is the GREAT-EST shortage of houses ever known and when the manufacturing plants now building are completed and in operation, HUNDREDS of people will be brought to Newark and must have houses, so that it is very evident that real estate and rents are going HIGHER and that MORE houses must be built AT ONCE.

Newark is GROWING WEST more RAPIDLY than in any other direction, as it is here along the railroad that ALL new factories are locating, so that Avalon is in the line of the NATURAL GROWTH of the city and also of the GREATEST growth and as it costs five cents to ride to town from the corporation line where lots sell at \$500 to \$1,000 each and ONLY THREE and THREE-FOURTHS CENTS to ride from Avalon where you can buy a lot next Tuesday for JUST WHAT YOU WISH TO PAY. It is not hard to see where the houses are going to be built.

Buy one of these lots on our easy terms next Tuesday, and it will DOUBLE IN VALUE before you get it paid for.

MAKE A START NOW! QUIT PAYING RENT! OWN YOUR HOME AND BE INDEPENDENT! You can do it if you will, as it only requires a cash payment of \$10.00 to make the start at Avalon Allotment next Tuesday afternoon.

WE SHALL PUSH THIS PROPERTY. Houses will be built and values will advance, and next Tuesday you can buy one of these CHOICE LOTS for JUST WHAT YOU WISH TO PAY, as we shall sell WITHOUT RESERVE or LIMIT and on the EASIEST terms ever heard of; so if you do not secure your share of the advance now taking place in Newark real estate it is because you will not, and not because you cannot, as a cash payment of \$10.00 secures any lot on the property.

THESE LOTS ARE RIGHT, THE TERMS ARE RIGHT, and the PRICE MUST BE RIGHT, FOR YOU MAKE IT YOURSELF.

We bought the property for SPOT CASH, and shall convey by warranty deed, giving an ABSOLUTELY PERFECT TITLE, and have an abstract of title made by Flory & Flory who will answer any questions about the title without charge.

The Ladies

Frequently show the best judgment and are most fortunate in their investments. They are cordially welcome at our sale, and will be accorded the most courteous treatment. In fact, our sales bring out the best class of ladies and gentlemen in the community.

A half holiday will do you good, so come out and hear the band concert, get a beautiful present if lucky, and enjoy the afternoon with us, whether you are interested in building lots or not.

NEWS IN BRIEF.

Sunday Saloon.

James Mannering was arrested for keeping his saloon open on Sunday, September 13.

Office Removed.

Dr. R. C. Downs has moved his office across the street on the corner of East Main and Cedar streets, over Palm's store.

Elks' Meeting.

The regular meeting of Newark Lodge, No. 291, B. F. O. B., will be held tomorrow (Tuesday) evening. A full attendance is desired.

Newark Stonemasons.

The Newark stonemasons engaged on the Pan Handle at Huston, Pa., will finish there this week. They were in Newark Sunday.

Accident Was Fatal.

A special telegram from Zanesville to the Advocate Monday afternoon announces the death of John Goodwin from injuries sustained at the fair ground last Wednesday when he was struck by Carl Fisher's automobile.

President of Kenyon.

Dr. Pierce, president of Kenyon college, with his wife, will sail about October 1 from New York via the French line for Europe. They will spend a short vacation in England, France and Italy.

Miss Henderson Improving.

Friends of Mr. and Mrs. M. D. Henderson, of Topeka, Kan., will be glad to know that their daughter, Geneva, who has been dangerously ill with typhoid fever is reported out of danger and improving.

Pomona Grange.

Licking County Pomona Grange will meet with the Fallsburg Grange on the second Saturday in October, 1903. A full attendance is desired as it is the regular day for the election of officers.

Mexican War Veterans.

Dr. William Smith of Van Wert, president, and Captain James H. Smith of Newark, secretary, have issued a call for the 29th annual reunion of the Ohio State Association of Mexican War Veterans at Van Wert, Sept. 25.

At Buckeye Lake.

Superintendent Evans and wife, with the agents and their families of the Zanesville district of the Prudential Insurance company, enjoyed a picnic at Buckeye Lake Saturday. This district includes Zanesville, Newark, Coshocton, Cambridge, Barnesville and Marietta—Zanesville Courier.

Abstracting Titles.

Attorney Charles W. Miller who has been engaged for the past week in abstracting titles to valuable coal lands in the Hocking Valley for eastern capitalists who are prospective purchasers, spent Sunday with his family and again went to Jackson county Monday morning to complete his work.

At Buckeye Lake.

Col. W. C. Wells has just leased from the state Gibson island at Buckeye Lake, and has sold his lease on Wells Island No. 1 west of Orchard island, at Buckeye Lake to Messrs S. G. McClure and the Wolfe Brothers of Columbus, who expect to erect cottages and otherwise improve the property.

Union Veteran Legion.

Encampment No. 31, Union Veteran Legion of this city, will give a dinner at Soldiers' Memorial Hall on Wednesday, September 23, from 11 to 2 o'clock and supper from 5 to 8. Tickets are being sold by the members of the Legion under the direction of Capt. W. H. Darlington. Tickets are 25 cents. By order of Col. Samuel Hupp. D. H. Hollister, Adj.

Bennington Grange.

The Bennington Grange of Appleton will hold its annual fair in the Joshua Rice grove, Saturday, Sept. 19. An invitation is extended to everybody to attend and to bring any articles which they may desire to exhibit. Music will be furnished by the Liberty band. A short literary program will be given just before the dinner hour. Come out with well filled baskets and spend the day with your friends.

At the Old Homestead.

Schaller Bros., proprietors of the "Old Homestead" saloon and restaurant on West Main street, have just completed the work of remodeling their billiard and pool room, so that it is now thoroughly up to date in all its equipments and appointments. The tables and cues are new and the room has been tastefully painted and decorated.

Commissioner,
FRANK SHOWMAN.

Clerk of Courts,
JESSE W. HURSEY.

Infirmary Director,
BURR D. JACKSON.

The Cleveland Leader says that "without money and a great deal of it," Tom Johnson would be of little consequence. Well, what about Candidate Herrick? It was simply "money and a great deal of it," and his private car, that made him the Republican candidate for governor of Ohio.

The Cleveland Plain Dealer very aptly says that the difference between the two parties in this campaign is clearly stated in one sentence of the Democratic platform, which says the people "are determined whether the personal ambitions of one man for reelection to the federal senate shall be gratified at the expense of placing the vast local interests of all the people at the mercy of a state government dominated by and in alliance with the privileged corporations." The truth of this declaration, in the opinion of the Plain Dealer, is shown in the subordination of state, local and national questions in the Republican platform, which takes the reverse.

The Turk and the Grave.
In Russia many of the peasantry still bury their dead in grottoes and caves, just as their princes and noble men were accustomed to do centuries ago. In Constantinople, as in other Turkish cities, bodies are placed in the ground as soon as the last spark of life has fled. The Mussulman believes that as long as the body is unburied the spirit is in torment and that it is a crime akin to murder to molest a grave. Accordingly, the cemeteries around many oriental cities far exceed in extent the abodes of the living.

Bested Herself.
The fair young thing was telling about how happy she was when she saw her brother's baseball team win the intercollegiate game. "Oh," she gurgled, "I was so delighted that I just hugged myself for joy!"

Here the grave professor of psychology looked up with an air of interest. "Hugged yourself?" he asked. "Indeed, you must have been quite beside yourself to have done that."—Judge.

The Proof of It.
Casey (after Riley has fallen five stories)—Are you dead, Pat?

Riley—Oh, am.

Casey—Shure, yer such a liar Oi don't know whether to believe yer or not.

Riley—Shure, that proves Oi'm dead. Yer wouldn't dare call me a liar if Oi was alive!—Judge.

Caught at Last.
"Sir," cried Mr. Pecksniff indignantly. "How dare you accuse me of such things? My reputation, sir, is spotless."

"Your reputation may be, sir," replied the detective, "but you're not. We spotted you some time ago."—Ex-Change.

Senator Harding and the Real Issues.

(Marion Mirror.)
In Wednesday's issue, the Star, under the guise of a local article, which by the way is the favorite method of the real owner of that paper in reaching the public, takes the liberty to assail Mayor Johnson, and again in Thursday's issue pursues the same tactics. Under the title, "John-sonism Is the Real Issue," the article of Thursday evening says:

"The people may expect him to play upon them the same game that he worked upon his party. He can not, he dare not, he does not come out into the open and make a square fair fight for anything. No matter which way he looks his hands are working in some other direction."

Now, of all the charges made against Mr. Johnson this is the first time we have ever heard him charged with equivocation and evasion, though we know of some nominees for state office against whom this objection might be appropriately urged. The Mirror is sorry to have to ask Senator Harding where he, himself, stands on some of the vital questions at stake in this fall's election, but after searching in vain through his four years' record as state senator, and finding no answer to our questions, and the senator being now a candidate for the second office within the gift of the people of Ohio, we deem it of vital importance that he, at least, should be given a full opportunity, since he has called in question Mr. Johnson's stand on these questions himself, to tell the people how he will vote and what measures he will support if elected lieutenant governor of Ohio.

Will Senator Harding give answer to the following and the Mirror will cheerfully publish questions and answers given?

1. Do you favor the continuance of the municipal code as adopted, and if not, in what respects would you change it?
2. Are you in favor of home rule for the cities and villages of Ohio?
3. Did you vote for the "curative act," and if so, why?
4. Do you believe that all taxable property should be appraised by assessing boards, which should be in session for at least part of each year? Their proceedings and deliberations should be open to the public; and power should be given for the employment of a representative of the public interests at hearings before them. In making assessments, all property should be appraised at not less than its salable value.
5. Do you believe that the present laws for assessing the property of all service corporations should be so changed as to compel the assessment of those properties at not less than their salable value as going concerns, and to prevent their evasion of just taxation?
6. Do you believe that all public service corporations should be required by law to make sworn public reports, and the power of visitation and examination over such corporations should be given to the proper auditing officers to the end that the true value of the privileges held by such corporations may be made plain to the people?
7. Do you favor a law prohibiting the acceptance of free passes and other favors from railroads by public officials and employees?
8. Do you favor the enactment of laws giving the people of the state of Ohio the benefit of a uniform rate of railroad fare at two cents per mile?
9. Do you sanction the proposition that the denial of the right of peaceful persuasion in times of labor disturbance is a denial of the right of free speech, and that government by injunction, if persisted in, will wreck the liberties of the people?

Mr. Johnson has unequivocally stated his position in regard to these questions. The people of the state well know his attitude. Will you, Senator Harding, state your position as plainly and concisely as has Mr. Johnson? If not, you stand convicted before the people of Ohio as being a political demagogue.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

TO BE TESTED

QUESTION AS TO THE CONSTITUTIONAL AMENDMENTS.

Attorney General Sheets Claims They Should Not be Printed on the Australian Ballot.

Columbus, Sept. 14.—Attorney General Sheets will file a petition in the Supreme court next week, attacking the Longworth act, providing for the placing of the constitutional amendments on the blanket ballot, and will pray for an injunction restraining the secretary of state from certifying to the amendments being placed upon the ballot.

The attorney general is very reticent regarding his action, but it is understood that it will be brought at the instigation of the governor and secretary of state, in order to thwart any action that might be taken previous to election, and interfere with the vote upon the proposed constitutional amendments.

The act, which he attacked, was passed by the last regular session of the legislature, and provides that whenever the approval of any constitutional amendment is to be submitted to the people, any state convention of a political party, which at the last preceding general election polled at least one per cent of the entire vote cast in the state, may take action in favor or against the adoption of such constitutional amendment to be submitted at the next succeeding election, and shall certify such action to the secretary of state in the manner provided for certifying nominations for state officers, whereupon said action shall be printed upon the regular ticket as part of the party ticket. The law further provides the manner in which the amendments shall be placed upon the ticket, and the method of voting for the same, which is similar to the method on the regular ticket.

Formerly when a constitutional amendment was to be voted upon, the ballot was separate and distinct from the rest of the ticket, and upon this point the fight will be made principally by the attorney general is of the opinion that the present system is unconstitutional for the reason that it deprives voters of certain privileges, and will so state in his petition in the Supreme court. The chief benefit derived from the new system is the chance of carrying an amendment endorsed by the straight voters cast. Again it is claimed that many voters who are rather dubious when they scratch their ticket, will make a botch of the job, which may result in losing their votes altogether, as is often the case.

The governor, secretary of state and the attorney general decided upon this suit recently, and will if possible secure an immediate hearing on the petition. Outside parties are being brought in, in order to make the case, as the secretary of state will be the defendant in the action.

Humors

They take possession of the body, and are Lords of Misrule.

They are attended by pimples, boils, itching letters, salt rheum, and other cutaneous eruptions; by feelings of weakness, languor, general debility and what not. They cause more suffering than anything else.

Health, Strength, Peace and Pleasure require their extinction, and this is positively effected, according to thousands of grateful testimonials, by

Head's Sarsaparilla

Which radically and permanently drives them out and builds up the whole system.

Denison, Ia., Sept. 14.—The state Democratic campaign opened here when Jerry B. Sullivan, Democratic candidate for governor, delivered his first formal address. The address had been carefully prepared and dealt almost entirely with the tariff and trusts questions. Governor Cummins was taken severely to task for not standing by his former attitude on the tariff question.

Mr. Sullivan said in part: "The tariff policy of the United States is a selfish one. Its promoters are men who believe in upholding their own fortunes. They are not looking after the interests of the farming and producing class, although nearly 70 per cent. of the export trade of the United States is the product of agriculture."

"All tariff laws should be enacted on a strictly revenue basis. Any other theory of levying taxation is contrary to the letter of the constitution and to the spirit of free institutions Congress is and ought to be without power to tax you for my benefit."

The tariff aids in creating monopolies, and is the basis of all trusts. The trouble is and has been that our people have not yet given to the trust question the serious attention it deserves. The inevitable consequence of combinations is the elimination of competition."

"The Republicans say the money question is settled and wish to keep from your minds all reference to it. It may and it may not be settled, de-

pending upon the point of view from which you look at it. The Democracy ever has been and ever will be in favor of a stable and sound currency. It is as much opposed to a trust in money as it is to a trust in the products of labor."

"It is the fundamental principle of the Democratic party that the money of our country should be under the control of the general government and in quantities sufficient for all practical purposes. Our friends, the enemy, are unwilling that the people should control the money, but wish corporations and banks to do so."

"Do you fully appreciate that system of statesmanship which wishes to engraft on the law of our country a statute permitting a \$10 bill to be based upon the assets of some defunct bank and is unwilling to have the \$10 bill based upon the silver bullion of the country? Which asset would you prefer? That of the bank in the hands of a receiver, or silver bullion in the vaults of the United States?"

"Such is the intention of the Fowler bill. The Aldrich bill is along the same line, but a step in advance. The Republicans point with pride to the course they have pursued in the Philippine islands. The pride they may feel is not the pride I wish. I do not believe an American army should be stationed anywhere for the subjugation of a free people, not even in our own land. The people in the Philippine islands are able to govern themselves."

turbances is a denial of the right of free speech, and that government by injunction, if persisted in, will wreck the liberties of the people?

10. Are you in favor of so amending the municipal code as to require that all ordinances granting, renewing, extending, or modifying franchises shall be inoperative until confirmed by a majority vote of the people of the municipality, and to prohibit perpetual franchises altogether?

11. Are you in favor of electing United States senators by a direct vote of the people?

Mr. Johnson has unequivocally stated his position in regard to these questions. The people of the state well know his attitude. Will you, Senator Harding, state your position as plainly and concisely as has Mr. Johnson? If not, you stand convicted before the people of Ohio as being a political demagogue.

For forty years Dr. Fowler's Extract of Wild Strawberry has been curing summer complaint, dysentery, diarrhea, bloody flux, pain in the stomach, and it has never yet failed to do everything claimed for it.

AMUSEMENTS.

The clever young romantic actor, William Owen accompanied by a large company which includes that sterling actor J. W. McConnell, will appear at the Auditorium on Wednesday, Sept. 16, presenting a new romantic drama, "When Louis XI. Was King" an arrangement of Sir Walter Scott's novel "Quentin Durward." Mr. Owen is the author, and has been successful in fashioning a part after Scott's hero for himself, for which he is most admirably adapted. The scene of the romance is laid in the fifteenth century, when the tide of chivalry was at its greatest height. This chivalrous spirit, however overstrained and fantastic many of its doctrines may now appear were all founded on generosity and self-denial. The knightly deeds and many adventures of the poor knight, Quentin Durward, his love for the beautiful Isabelle, Countess of Croye, the many trials and experiences that she is subjected to and the schemes and duplicity of crafty King Louis XI. are all related in a most charming and interesting manner.

"UNCLE JOSH SPRUCEBY."

The musical features with "Uncle Josh Spruceby" company this year include a band and orchestra of ten solo musicians. At the noon-day concert a program of popular and high grade selections are rendered by the band, and these concerts have become very popular and invariably attract much attention and comment. The orchestra between the acts discourses a pleasing program, and is one of the many attractive features with the show. For the first time this company appears at popular prices, 10, 20 and 30 cents. It goes without saying that a jammed house is assured. "Uncle Josh" appears at the Auditorium next Friday, Sept. 18.

HALLIE ERMINIE RIVES GOING ON THE STAGE.

Hallie Erminie Rives, the beautiful Kentucky girl, whose popular novel, "Hearts Courageous," is being prepared for the stage, will herself play the role of Ann Tillotson, the heroine.

Miss Rives is a protégée of Mrs. Jas. Brown Potter, who for several years has urged her to put her dramatic possibilities to the test, and now that Miss Rives has decided to do so, Mrs. Potter is to take her in training.

Miss Rives is of one of the bluest-blooded families in the south. She is a cousin of Amelle Rives, now Countess Troubalskoi, and of Thos. Nelson Page.

She first became known at 18 through "Smoking Flax," a story in defense of lynching. "A Furnace of Earth" established her as a successful author. "Hearts Courageous" has been one of the best selling books for the past year.

A STORY BY BROTHER FRANCIS

IT IS TOLD FOR THE BENEFIT IT MAY BE TO OTHERS.

Brother Francis of St. Philip's Home for Industrious Boys 417 Broome street, New York City, in a letter written June 6, 1902, says: "Having given all other remedies a trial without success, I consider Father John's Medicine the best for bronchial troubles, it being the only remedy to give permanent relief. I recommend it to others likewise troubled with the same results."

GAINING RIGHT ALONG.

"Gained sixteen pounds in six weeks since taking Father John's Medicine."—James B. Rice, Fairmount, W. Va.

FATHER AND SON.
E. C. Troughton of Cleveland, Ohio, says that he and his son find Father John's Medicine all that is claimed for it. Cures asthma, bronchitis, consumption. Not a patent medicine.

Father John's Medicine is for sale by J. W. Collins & Son, druggists, 37 North Third street.

THE A. P. U.

Newark Men Will Organize a Council at Coshocton Monday Evening, September 14.

Coshocton, O., Sept. 14.—Supreme Organizer A. L. Simons will organize a council of the American Protective Union, with a large list of charter members, this evening in J. O. U. A. M. hall, in the Shaw building.

The supreme president, Hon. William E. Miller; W. G. Tafel, supreme secretary, and Rev. J. C. Schindel, supreme M. C. all of Newark, will be here for the purpose of instructing and explaining the objects of the order.

FRUIT AT THE BREAKFAST TABLE

Nature Provides its own remedies which, if used judiciously, insure perfect health at all times

Aside from the pleasure of eating seasonable fruits before beginning the first meal of the day, this custom has undoubtedly arisen from the well known fact that nearly all fruit and more particularly plums and PRUNES contain natural laxative principles which act directly on the stomach and bowels.

Constipation, that dread and troublesome complaint which is undoubtedly the basic cause of nine-tenths of the dyspepsia, indigestion, biliousness, etc., so prevalent among our people to-day, and which if neglected, surely leads to more complicated and serious organic diseases, can surely be prevented, and when not too far advanced, can be absolutely cured by the judicious use of the modern laxative and cathartic California Prune Wafers.

They are not a patent medicine in the ordinary sense of the word, being compounded from fresh California Prunes, which every intelligent person knows is truly nature's laxative.

A dainty little wafer, always the same, compounded in a highly concentrated form from fresh California Prunes, they are a natural solvent, acting on the contents of the stomach and bowels and not on the organs themselves.

They regulate the Liver and Stomach, Cleanse the System and Purify the Blood, Cure all Bowel Troubles, Biliousness, Bad Breath, Bad Blood, Wind on the Stomach, Bloating Bowels, Pouch Mouth, Headache, Indigestion, Pimples and Dizziness.

Every household should have its family package of CALIFORNIA PRUNE WAFERS, and at the first signs of approaching illness, or when under the weather, take a couple of wafers, and the doctor's bills will soon be much smaller than they are now.

You can eat what you please if you follow each meal with a CALIFORNIA PRUNE WAFER, which quickly dissolves the most indigestible food, and helps to carry it through and out of the system in a gentle and healthful manner, without the slightest pain, griping or nausea. 100 Wafers for 25c.

CAMPAIGN

IS OPENED IN GRANVILLE BY THE ORGANIZATION OF CLUB.

J. C. Malone Elected President, Roderick Jones Vice President, and Thos. Jones Secretary.

Granville, O., Sept. 14.—The first gun of the campaign was fired here on Saturday night, when a large number of the faithful and enthusiastic Democrats of Granville, and Granville township, met in the convention room of the town hall and organized a Democratic club.

The meeting was called to order by Judge John M. Swartz, after which Squire J. C. Malone read the following constitution and by-laws of the club:

Constitution.

Section 1.—This club shall be known as the Johnson Democratic Club of Granville, Ohio.

Section 2.—Its objects are the promoting of Democratic principles; the distribution of literature and the strengthening of and building up of the Democratic party in the county and state.

Section 3.—Its officers shall be one President, one Vice President, one Secretary and a rallying committee composed of three members in each school district in the township except that the Granville Village school district shall have seven members.

By-Laws.

Section 1.—It shall be the duty of the President to preside at all meetings of the club, appoint such committees as the club may suggest, and perform such other duties as requested by the club.

Section 2.—The vice president shall preside in the absence of the president.

Section 3.—The secretary shall keep a record of all the meetings of the club, and perform such other duties as may be requested of him by the club.

Section 4.—The president shall, by and with the consent of the club and of the members of the club representing each school district appoint three members from each school district, except that in the village district he shall appoint seven as a rallying committee from each school district.

Section 5.—It shall be the duty of such committees to distribute literature, poll their respective school districts and see that each and every Democrat is notified of all meetings of the party and club and urge their attendance and also to see that each and every Democrat attend the election in November.

The constitution and by-laws were unanimously adopted after which all present signed their names to the roll. Many who were unable to be present sent word that they desired to become members of the club, and the indications are the new club will start off with a membership of nearly fifty enthusiastic Democrats who will make their influence felt during the campaign.

The club organized by electing the following officers: President—J. C. Malone. Vice President—Roderick Jones. Secretary—Thomas Jones. On motion of Judge J. M. Swartz one week was given the chair to select rallying committees in the several school districts.

The club decided to attend the big Johnson meeting next Friday night in Newark in a body, after which an adjournment was taken until next Saturday evening, at 7:30 o'clock.

Impossible to foresee an accident. Not impossible to be prepared for it. Dr. Thomas' Electric Oil. Monarch over pain.

JOHNSON IS COMING.

Democratic Candidate for Governor Will Discuss Taxation and Home Rule for Cities in Tent Meeting at Newark Next Friday, Evening.

Photo by Edmondson, Cleveland.

Hon. Tom L. Johnson, the Democratic candidate for governor of Ohio, will speak at Newark next Friday evening, September 18.

The meeting will be conducted in a mammoth tent which will be pitched on what is known as the old Sixth street graveyard property, at the corner of Sixth and West Church streets, Newark.

The people of Licking county of all parties are invited to attend next Friday evening's meeting in the big tent, and hear Mayor Johnson's able discussion of the campaign issues—home rule for cities and equal taxation.

Mr. Johnson is a powerful speaker and he backs every statement with facts. He is entertaining as well as instructive and every voter in Newark and Licking county is invited to go hear him.

Judge S. M. Hunter will preside at the meeting, the list of vice presidents for the occasion being as follows:

Lewis Watson, Bennington tp.
Dr. Buxton, Burlington tp.
John W. Orr, Bowling Green tp.
John Hughes, Eden tp.
S. E. Hagey, Etna tp.
George Meek, Fallsburg tp.

BADLY HURT

WAS CHARLES PAULSON AT CAR WORKS MONDAY.

Right Leg Injured and Ankle Pulled Out of Socket When Car Fell to the Floor.

Charles Paulson, an employe of the Jewett Car Works, this city, was the victim of a terrible accident Monday morning. He was engaged at work on a car that was standing on trestles in the shop, when the trestles suddenly gave way, letting the car drop to the floor. In falling the car caught Mr. Paulson, tearing the flesh from his right leg, pulling the ankle out of the socket and badly mashing the foot.

The injured man was taken to his home on Bowers avenue, where his injuries, which are of a very serious and painful nature, were attended to by Dr. Bowers.

DEPUTY LINKE

Has Left Elbow Dislocated at Columbus, But is Able to be at the Office.

Deputy Sheriff William Linke had the misfortune to meet with a very painful accident in Columbus on Saturday. Mr. Linke had taken John D. Halley, the Virginian, who was adjudged insane by Probate Judge Irvine to the State Hospital, and was talking with two detectives, when their attention was attracted to the people running a big fire which burned the big barn of the Columbus Transfer and Storage company. They followed the crowd and were watching the fire when the firemen commenced running with a section of hose that was in the rear of Mr. Linke and when it was drawn taut, it struck his legs, causing him to fall backwards. Being a very heavy man he dislocated his left elbow, and his body was somewhat bruised by the fall. Mr. Linke at first did not consider his injury important enough to consult a doctor, thinking that he had merely hurt the "crazy-bone" of his arm, but after suffering for an hour or more, he consulted Dr. Harry Jones, who, upon making an examination discovered that the arm had been dislocated at the elbow. After his injuries had been attended to the affable Deputy Sheriff was able to come to his home in this city, and today he is carrying his arm in a sling, and although badly hurt, is able to be at the office.

GRANVILLE

Township School Board Assigns the Teachers for the School Year—New House.

Granville, O., Sept. 14.—A called meeting of the Board of Education of Granville township was held on Saturday evening, with the following named members in attendance: President W. H. Pittsford, Marion Hitt, Charles Reese, Jacob Warner, Frank Granger, Thomas Jones, Abner Clouse, Andy McMillen and S. A. Smith. The meeting was called for the purpose of making arrangements for the opening of the schools in the various districts Monday morning, Sept. 14. The assignment of teachers is as follows:

District No. 1—Miss Porter.
District No. 2—Miss Gertrude Carpenter.
District No. 3—Miss Eliza Forsythe.
District No. 4—Miss Cora M. Evans.
District No. 5—Miss Della Smith.
District No. 6—D. C. Williams.
District No. 7—Miss Ethel Case.
District No. 8—Miss Anna Morgan.
District No. 9—Miss Sherman.

Mr. Edward S. Reid will erect a handsome frame residence, containing eight rooms, on Elm street. The contract for its construction has been let to Messrs. Williams and Evans, the well known contractors. The house will cost in the neighborhood of \$1800.

Among those from Granville who attended the Hartford Fair last week were Messrs. Burton Case, Hubert Robinson, Guy Evans, Peter Case, Harry Horton, John Powell, Elijah Case and Mr. Saxton, the latter of whom carried off several premiums.

W. H. Pittsford of Granville township, and Mr. Riley of near Highwater, left Monday for Oklahoma on a prospecting trip. They expect to be gone about three weeks.

The ladies of the Methodist church will give a social at the Home for the aged on Wednesday. A cordial invitation is extended to all to attend.

Miss Faye Landis, of West Carlisle, after a pleasant visit here with her aunt, Mrs. Wm. McDonald, has returned home.

The Proper Treatment for a Sprained Ankle.

As a rule a man will feel well satisfied if he can hobble around on crutches two or three weeks after spraining his ankle, and it is usually two or three months before he has fully recovered. This is an unnecessary loss of time, for in many cases in which Chamberlain's Pain Balm has been promptly and freely applied, a complete cure has been effected in less than one week's time. For sale by all druggists.

Money.

Do you need a loan? Call at The Newark Trust Co. Bank, Duty House Block. 9-12-14

3000 Pairs

LARGE CRAVATS THE RAGE.

New York, Sept. 14.—Every indication points to large scarfs this fall. Some ample silk cravats are being shown now. They are worn with standing collars in the "once-over" form and secured with a pin.

An adoption of the old style collar and cuff fasteners, made either plain or fancy is a silvered wire buttonhook, handy when the linen is too stiff, according to taste.

WONDERFUL OPERATION MAY CURE CONSUMPTIVE

Stamford, Conn., Sept. 11.—With certain death from consumption staring her in the face, Lizzy Gremmel, of Hampton, N. H., submitted to an operation, which, like the "gun forlorn hope," promises to prove successful.

Her father, one of the wealthy men of the state, had consulted the most eminent medical men in this country and Europe. Change of air seemed to

have no effect, and when Dr. J. T. Rogers of Stamford proposed an operation the girl welcomed the suggestion. "I don't care if I do die on the operating table, I know it won't be long before I die anyway and you may save my life," she said just before the operation.

The operation lasted 25 minutes and when she recovered consciousness the patient grew strong steadily, experiencing but a slight pain near the back. The operation is one of the most dangerous known to the profession of medicine and is undertaken only as a last resort.

DRINK HABIT
Cured Speedily and Permanently by
THE ST. OMER REMEDY.

A botanical cure for the disease of Drunkenness. St. Oliver Remedy can be administered without the patient's knowledge, in a coffee, milk, water or any liquid, and has been used with success.

It will positively destroy the craving for alcohol in any form, in the most obstinate cases.

Indorsed by the W. C. T. U., leading physicians and temperance workers everywhere. Mr. Alth of the State of New York, the Suffolk Insolvency, a charity chartered by the State of Mass., says:

"I have been successful in treating cases of drunkenness at our institution than the Oliver Remedy, simply because we have found it to be reliable, kindly effective and perfect. It is the only remedy for Drunkenness which every claim made for it by its manufacturers is true."

Absolutely no bad effects from its use. Cures guaranteed.

The St. Oliver Remedy is sent prepaid by mail free of charge by writing Mrs. A. Eldridge Sawyer, St. Oliver Society, Tremont street, Boston, Mass.

Sold in New York only by

E. T. JOHNSON.
EAST SIDE SQUARE.

Winter Underwear

THESE LOTS THAT WILL BE OFFERED ON

Tuesday Morning

Are lines of Men's, Women's and Children's heavy underwear that have been mugged in stock. But not in any such shape as to be entitled to the following reductions:

Men's Underwear at 25c.

It's a clean up, but a clean up of good stuff. Heavy grey, and gold fleeced, a bargain, if we have your size. The table full; choice. **25c each**

Men's Union Suits

Odd lines, but most all sizes. \$1.00 and \$1.50 heavy weight garments to close **64c each**

Some Lion Shirts for 25c Each.

You know the Lion shirt—it is trademarked, and always sells for \$1.00. Quality is the best, for the maker's name is at stake. Don't compare these with the cheap shirts offered on the market.

Women's Underwear at 50c—In Other Words Half Price.

These are all our \$1.00, broken lines. Some are the Brunswick garments in Grey, others the Munsing garments etc., but all good dependable underwear in wool or fine cotton at Half-Price today. Some Union Suits are also in this lot.

75c Oneita Union Suits 45c.

This is a case of new goods sold to us by the manufacturer on account of some small flaws such as an occasional drop stitch, or some other small imperfection you wouldn't notice unless pointed out to you. Its the Oneita and will be the only chance to secure such garments this season at such a price.

Infants and Small Misses Garments.

A lot of broken lines in small sizes. Another line of good grey woolen garments. Prices have varied from 40 to 75c, according to the size of the garment. For tomorrow your choice, any size, 24c each.

For Tuesday Morning at

THE A. A. Griggs COMPANY

RADIUM

Awful is its Intense Power According to the Lecture of Vernon Boys in London.

London, Sept. 14—One of the most interesting lectures delivered at the meeting of the British Association now being held at Southport was by Vernon Boys, president of the mathematics and physics section, relative to radium. Mr. Boys suggested a connection between radio activity, as now observed and the stock market of the comet and his tail. What is a comet and of what does its tail consist? asked Mr. Boys. It was impossible not to be struck by the similarity of the language used in describing comets and used in any paper written on radium. He knew that mere superficial similarity was worth very little, if anything, but for centuries the sky had shown us phenomena still not entirely understood, and inability to remove all difficulty by the aid of radium or similar material was no reason for dismissing the idea of any connection without further thought. Mr. Boys thought that the term "mystery of radium" was inadequate. "Miracle of radium" was the only expression that could be employed.

The radium in some respects, he said behaved in a manner contrary to that of all proper chemical thorium or uranium which acted in the same kind of way as did radium, but with far less vigor, and would last a million years before they were worn out, while radium, preferring a short life and a merry one, could not expect to exist more than a few thousand years. In that time one gramme of radium would evolve heat units sufficient if converted into work, to raise 500 tons a mile high, whereas a gramme of hydrogen, our best fuel, burned in oxygen, yielded only 34,000 heat units, or one thirty thousandth part of the output of radium.

A new rifle with which the United States army is to be shortly equipped is said to have an effective range of five miles and to be the lightest rifle ever devised.

It is usually imagined that the incandescent electric light gives out very little heat. As a matter of fact only a few per cent. of its energy goes to make light, while 94 goes into heat.

Shepherds allow their collies one meal a day, and on this allowance health and efficiency are secured. Ladies who are "good" to their pet dogs are rewarded by seeing their pets sinking rapidly into decrepitude.

England has five submarine war vessels built or building, and France has fifty. Their presence is expected to make blockades impossible.

YOU CAN'T PASS THEM BY A Few Saturday Specials.

100 dozen Children's Hose, heavy ribbed, and a good seller at 18c for Saturday. All sizes.

10c

200 Umbrellas in Taffet and Silk carols all fancy handles, \$1.75 value, Saturday

MR. SOUTHARD KILLED

Employee of the Everett Glass Works Struck By a Baltimore and Ohio Engine Sunday Night Died on Way to Hospital.

Carey Southard, aged 45 years, who had been during the summer employed on the electric railroad, in Mr. C. A. Vadian's improvement gang, and more recently at Everett's glass house, met with a fatal accident Sunday evening about 6:30 o'clock, near the B. & O. crossing on East Locust street.

Southard was walking along the track, and it is supposed stepped off of the road of a freight train, directly in front of a yard engine on a parallel track.

He was struck and received terrible injuries, his left arm being torn off near the shoulder, right leg broken at the hip, head terribly cut and bruised.

He was picked up in an unconscious condition and a call was sent for Bowers & Bradley's ambulance, which made a quick run to the scene of the accident. Southard was placed in the ambulance, which started to take him to his home on Beech street but the unfortunate man died before he reached home. The body was then taken to Bowers & Bradley's undertaking establishment on South Third street, where it was prepared for burial.

The dead man was twice married, being divorced from his first wife. Both women and three children are living.

and discussed various matters, among them being better roads and less hours for the carriers.

MR. GIFFIN'S BIRTHDAY.

Granville, O., Sept. 14—Saturday was the eightieth anniversary of the birth of Hon. C. B. Giffin. Quite a number of his friends called on him during the day. In the evening a number of his most intimate friends, called on him in a body and through Rev. Mr. Work presented him with several pieces of fine silverware. Mr. Giffin was over-come with surprise but managed to respond in a very feeling manner.

A number of the members of the Licking County Association of Rural Free Delivery Carriers held a meeting in the Town Hall on Saturday night,

OPENING

OF NEWARK PUBLIC SCHOOLS FOR THE YEAR.

Largest Enrollment in the City's History—New High School Teacher. A Half Holiday.

The Newark schools opened Monday morning after three months' vacation, the enrollment being the largest in the city's history. Teachers and pupils have returned to their work after having spent a very pleasant vacation and all look forward to a pleasant and profitable school year.

In the High school devotional exercises inaugurated the work, led by Principal E. P. Childs. The enrollment in this department is nearly to the point of congestion. The only change of importance in the course of study is the one which makes the commercial course parallel to that in English, German and Latin, as far as requirements and time are concerned.

The efficient corps of teachers in the High school, who served so faithfully last year, is retained and one addition made in the person of Milton B. Wise, of Philadelphia, who will assist, in teaching mathematics, English and ninth grade commercial.

To give the boys and girls a chance to buy books and supplies there was no school Monday afternoon.

Kilkenny Castle is one of the oldest inhabited houses in the world, many of the rooms being much as they were 800 years ago.

Fall Style Suits and Hats at Geo. Hermanns

Building Off The Square

Business on The Square

Quick Clean up in Every Stock is the Order of the Week

We find that in order to make room for our immense fall stock it will be necessary to make many changes in the arrangement of our store, some of the departments being entirely too small to accommodate the volume of business attracted by them. So it is more room we want and must have. In order to obtain this we have decided to reduce a number of departments so that they may be combined with others, thus gaining the space so valuable for the incoming fall goods. In a few days we expect to invite you to the newly arranged store with relays of fresh fall stocks.

This Week's Prices Will be Down to Irresistible Point.

1 case of Sateen Finish Prints in light and dark colors, just the kind for comfort; never sold for less than 7c; for this week,

4 1-2c yd.

3 Cases of Percal in neat figures and stripes; staple colors; the kind you always paid 10c and 12 1-2c for; this week,

7 1-2c yd.

Book Fold Oxford Shirting in neat stripes, in blue, green, tan and buff; these goods are standard 12 1-2c quality; this week,

10c yd.

Boys' and Children's Overalls; bibs and suspenders attached; this week,

19c.

An opportunity for workmen. Sweet, Orr & Co. (union made) Railroad Overalls and Jumpers; warranted never to rip; with or without bib; the standard \$1.00 quality; this week,

75c.

Blue Duck Working Shirts, in plain colors or stripes; as good as old wheat at 50c; this week,

39c.

Men's Gingham Shirts in dark and light colors, mostly stripes; we considered them good value at 39c; this week,

25c.

Men's and Boys' Working Shirts, sizes 12 1-2 to 18, in dark colors; this week,

19c.

New Items Will be Added Every Day. Come Expecting Many More Bargains. You'll Not be Disappointed.
